---

QUALIFICATIONS:

<u>Murdoch University</u>   *81 WAM*

- Bachelor of Science in Business Information System and Mobile & Web Application Development

---

WORK EXPERIENCE:

<u>Fortescue Metals Group Autonomy & Technology Undergraduate</u>   **February 2021 – October 2023**

- Regularly contributed to the Personnel Detection System (PDS) product backlog and led the prioritisation of items
- Responded to PDS support requests to troubleshoot issues, resolve bugs, design and implement new product features
- Completed test plan documentation and performed software testing
- Part of the Project Specification Team for the Fleet Management System (FMS) helping with Project Monitoring and Controlling
- Assisted in tracking FMS functional requirements completion using MS Project and Excel

<u>Fortescue Metal Group Vacation Program</u>   **November 2020 – February 2021**

- Assigned to the PDS project and assisted with software development
- Identified and resolved the memory leak in the PDS project code, thereby preventing the product from crashing after 15 minutes of usage and ensuring continuous uptime
- Developed and showcased a proof of concept for the PDS, a technology aimed at preventing collisions between vehicles and personnel in warehouses by providing timely audible and visual warnings

<u>Coding and Robotic Facilitator at Autism West</u>   **January 2018 – December 2020**

- Organised, planned, and taught Visual Basic and robotics lessons to students with disabilities
- Liaised with management to facilitate the allocation of funding for appropriate IT utilities

<u>Telethon Holiday Makers Group Leader</u>   **July 2018**

- Assisted in the organising, planning and supervising the 2018 Telethon Holiday Program for Primary and High school students

<u>Kmart Team Member</u>   **October 2013 – May 2021**

- Worked in different roles ranging from: Filling, general store clean up, cashier and customer service

VOLUNTEER EXPERIENCE:

<u>Assistant at National Technology and Engineering Challenge</u>   **April 2018**

- Assisted in explaining and assessing results for the activities
