

ICT285 ASSIGNMENT 2 FEEDBACK SHEET

NAME: Jin Cherng Chong

Student Number: 33170193

GRADE: 90

	Comments	SCORE
ERD (10 marks)	Didn't include sub classes for customer Shouldn't have many to many relationships BillNo would have been fine for Bill's PK Reading can have many instances of Bill ReaderName should have been broken down more Address should have been broken down more Not all necessary attributes provided	6
Explanation of Changes to ERD (5 marks)	Good explanation, if a bit brief	5
Data Dictionary (10 marks)	Some data types were missing the data size	9
Database Implementation (20 marks)	Good work	20
Constraints (20 marks)	a) Should have been if numOfRead is > 5	19
Transactions (15 marks)	c) A CustomerNo would have potentially worked better for your where statement	15
Views (20 marks)	a) Would have been easier to read is ReaderName was included b) Consumption in first row of data doesn't show properly c) Could have changed the constraint	16
